No. 49(1)/2018/PMCSPW//PDC/Policy/ 63

Date: 09.02.2022

**OFFICE MEMORANDUM**

From the online i-Powertex portal, it has been gathered that out of total 404 pending claims of Stand-up India of Pradhan Mantri Credit Scheme under Powertex India Scheme with the various lending agencies (bank-wise details indicated in enclosed annexure-I), though JIT in 47 Stand-up India claims have been conducted by the concerned lending agencies but JIT reports of these 47 claims are yet to be submitted to Powerloom Development Cell of the Office of the Textile Commissioner, Mumbai.

2. It is also observed that in 280 Stand-up India claims though the applicant units have submitted their request for JIT but the concerned lending agencies have not initiated JIT to verify the genuineness of their claim. In this regard, it is to inform that Government has considered additional liability of Rs.93.60 crore under Textile Cluster Development Scheme (TCDS) against the pending application in online system (i-powertex) submitted upto 3<sup>rd</sup> May, 2019. Hence, now JITs may be conducted for old cases pending under i-Powertex. Here, it is also to mention that no new application or any application submitted beyond 3<sup>rd</sup> May 2019 through online system will be considered as Powertex India Scheme is already ended on 31.03.2021.

3. Further, it is to mention as observed from online system that in 77 Stand-up India claims, the applicant units have not submitted request for conducting the JIT to the concerned lending agencies and no follow up have been taken by the concerned lending agencies whether, the applicant units desire to avail the benefits of the scheme or not as more than 2 years from date of application is already passed but it is not known whether against the application registered in the system, machines have been installed or not by the applicant units.

4. It is to mention that from the claims submitted so far by the lending agencies through their Nodal banks many discrepancies in the claims are being observed due to which it takes times to obtain clarifications from the concerned lending agencies to decide the claim, which further delay the process of settling the pending claims of Stand-up India. Hence, the lending

: 2 :

agencies are requested to carefully verify the claims before submission to this office to avoid delay in releasing the eligible subsidy to claimant powerloom units. For guidance, few points are mentioned below, which are to be verified before submitting claims to this office;

- a. Installed machines specification and speed parameters are not being indicated in JIT report in submitted claims.
  - b. Photographs of installed machines plates with MIC code photographs are not found enclosed with the submitted claims
  - c. Payment details of the purchased and claimed machines are not being found with the claim. In this regard, claimant lending agency may enclose their certificate certifying therein the date-wise payment released to the machine manufactures against the sanctioned term loan.
  - d. Claims are not being submitted through their designated Nodal Banks
  - e. Annexure-VI as per the guidelines of the scheme is not being submitted with claim.
  - f. Certificate from Bank/CA regarding new Powerloom Unit/new entrepreneur. This certificate is required since scheme is available only for new woman /SC/ST entrepreneurs.
  - g. Undertaking (on Stamp paper of Rs.500/-) by the unit for not applied/availed subsidy under previous version of TUFS and ATUFS in prescribed format.
  - h. Annexure-B for the details of margin money and disbursement is not found enclosed with the submitted claims.
5. Due to above said issues, timely relief to the new women/ SC/ ST entrepreneurs under the Stand-up India of Pradhan Mantri Credit Scheme for powerloom weavers under Powertex India Scheme could not be released by this office.

6. Here, it is to mention that Powertex India Scheme is already ended on 31-03-2021. However due to pending claims, the Government has decided to consider pending claims for release of subsidy under Textile Cluster Development Scheme (TCDS) but the efforts of governments for timely release of subsidy is going in vain beside utilisation of allocated fund for the year 2021-22 due to non receipt of proper claims from the concerned lending agencies.

7. It is therefore requested all the concerned lending agencies to immediately initiate corrective steps and submit the proper claims of Stand-up India of Pradhan Mantri Credit Scheme under Powertex India Scheme at the earliest.

Encl: As above
