[#] Subsidy released as on 31.03.2013

Note on TUFS since inception in 1999

The TUFS, which was launched in 1999, has been the flagship schemes of the Ministry of Textiles to catalyze investment in all sub-sectors of textiles and jute industries by way of 5% interest reimbursement (IR). All the segments including, cotton ginning and pressing, spinning, garments, weaving and processing have benefited from the scheme.

The Scheme was initially approved in April 1999 to 31st March 2004 and subsequently extended in 2004 upto 2007 and in 2007 the Scheme was further extended with modifications and is referred as Modified TUFS (MTUFS). The investment catalyzed upto 28.6.2010 is Rs.2,07,747 crore. The Scheme was suspended with effect from 28.6.2010 upto 27.04.2011 (generally referred as 'black-out period'). The Restructured TUFS (R-TUFS) was launched with effect from 28.4.2011 to 31.3.2012 with an overall subsidy cap of Rs.1972 crore (upto 31.3.2012), with sectoral investment cap of 26% for spinning, 13% for weaving, 21% for processing, 8% for garmenting and 31% for 'others'. Under R-TUFS the subsidy was 5% interest reimbursement in general, except for 'spinning' sector for which the interest reimbursement was @ 4%. Since the earmarked subsidy cap of Rs.1972 crore was not fully utilized, the R-TUFS was extended upto 31.3.2013 (into the first year of 12th Plan) to the extent of availability of unutilized subsidy cap. The R-TUFS has attracted an investment of Rs.36,737 crore.

The government had approved the continuation of Technology Upgradation Fund Scheme (TUFS) for the 12th Plan period (2012-17) under Revised Restructured TUFS (RR-TUFS) with a budgetary allocation of Rs 11952.80 crore. The major focus of the scheme under 12th Plan is weaving sector. The subsidy rate under RR-TUFS for brand new shuttle-less loom is @ 6% IR + 15% CS (in place of 5% IR + 10% CS) and the margin money subsidy (MMS) for MEME units has been increased to 30% from 20% in case of brand new shuttle-less loom, for 'other' sectors the subsidy benefit continued to be same as in R-TUFS except for 'standalone spinning' and second-hand imported shuttle-less looms in which case the benefit has been reduced from 5 % to 2 %. Also 10% of approved outlay for new sanctions has been earmarked for MSME sector.
