79	DR. RER. NAT. Labeesh Kumar	32 years	<p><b>Essential :</b> B.Tech / B.E. and MBA from a recognized university.</p> <p><b>Desirable :</b> i) B.Tech / B.E. in Textile from a recognized university. ii) Efficiency in working on microsoft office- Word, Excel, Powerpoint etc. iii) Strong verbal &amp; communication skills. iv) Knowledge efficiency in preparations of reports/ presentations communications / e-mail etc.</p>	Ph.D (Nanofibrous Photocatalysis) M.Tech (Fibre Science and Technology) IIT Delhi. B.Tech (Textile Chemistry)	Young Professional (General / Technical )	<p>i) Faculty Awareness Program on Automation Tools and Microsoft Tools – Vignan's Foundation (VFSTR), India (January 2026).</p> <p>ii) Faculty Orientation Programme (FOP-3) – Vignan's Foundation (VFSTR), India (December 2025).</p> <p>iii) Certificate of Completion in C Language – UTEES Computer Education, Kanpur (2011).</p> <p>iv) Currently attending the workshop titled "Agentic AI Tools Training" and secured 1st position on the leaderboard with a 96% score in the assigned task.</p> <p>v) Proficient in LM Notebook for preparing lecture content, developing presentations, and designing experimental workflows.</p> <p>vi) Experienced in using ChatGPT and Perplexity AI for conducting literature surveys, reviewing research articles, summarizing technical content, and supporting academic/research activities.</p>	<p>With a robust background in textile technology and R&amp;D management, I have led high-level international projects at the University of Bayreuth and managed complex material processing at the Leibniz Institute. My technical leadership is evidenced by a distinguished research record consisting of 9 peer-reviewed publications in prestigious international journals—including Advanced Functional Materials (Impact Factor: 19.9), Journal of Colloid and Interface Science (IF: 9.9), and Journal of Cleaner Production— alongside 12+ oral and poster presentations at global scientific forums. These publications highlight my expertise in nanostructured materials, block copolymer self-assembly, and coaxial electrospinning, bridging fundamental science with industrial application. My industrial experience further strengthens this profile, featuring process optimization in a commercial process house at LNJ Denim and technical-commercial coordination at Vardhman Textiles. These diverse roles, combined with academic expertise from IIT Delhi and TU Dresden, have equipped me with the strong technical domain knowledge and leadership skills necessary for the Young Professional (Technical) role. This unique blend of high-impact research and hands-on industrial experience enables me to deliver the results-based outputs and quality technical inputs required by the Ministry.</p>	<p>i) Research Publications (Peer-Reviewed Journals) ii) Educational Degrees and Academic Records iii) Professional Experience and Employment Records iv) National Competitive Examinations v) Certifications and Professional Training vi) Conference Participation and Keynote Talk Records</p>	<p>Candidate is not having essential qualification <b>MBA</b> as per circular. However, he is having <b>PhD Nanofibrous Photocatalysis</b>.</p>	Recommended
80	kaminee Vishwakarma	25 years	<p><b>Essential :</b> B.Tech / B.E. and MBA from a recognized university.</p>	M.Com	Young Professional	None	01.10 years	<p>i) CV ii) Educational Certificates iii) Experience Certificate</p>	<p>Candidate is not having essential qualification <b>B.Tech / MBA</b> as per circular</p>	Not Recommended as not fulfilling essential educational qualification.
