

Minutes of the 22nd meeting of the Internal Technical Committee under Amended Technology Up gradation Fund Scheme (ATUFS) held on 22.07.2021

The 22nd meeting of the Internal Technical Committee under Amended Technology Up-gradation Fund Scheme (ATUFS) was convened on 22.07.2021 at 11.30 Hrs. under the Chairmanship of Shri S. P. Verma, Joint Textile Commissioner (T) in the conference hall of the Office of the Textile Commissioner, Mumbai. The list of participants is attached as Annexure-I. The agenda points which were discussed and decisions taken thereof are as under:-

Agenda No.1: Confirmation of the minutes of 20th Internal Technical Committee Meeting.

Decision Taken: The Committee confirmed the minutes of the 20th Internal Technical Committee Meeting unanimously

Agenda No. 2: Verification and recommendation of 27 proposals for enlistment of Machinery Manufacturers/ Authorized Agents under ATUFS as per Para no. of 3.4 of Revised Resolution of ATUFS dated 02.08.2018 and subsequent order No. 6/5/2015-TUFS dated 06.08.2019

Decision Taken : The list of 27 proposals (Abroad – 12, Indigenous 7 - & Authorized agents -4 and Video Conference 4) received from Textile Machine Manufacturers/Authorized Agents for enlistment under ATUFS, were scrutinized by the Internal Technical Committee and 16 proposals (Abroad- 10 & Indigenous- 3 & Authorized agents -3) were recommended to the Textile Commissioner for her approval to upload the same on website of the Textile Commissioners Office (Attached herewith as Annexure-II). In respect of 3 indigenous units, it was decided to verify their manufacturing capability through video conferencing, and for another indigenous unit, it was decided to call for copy of invoice in respect of the machines sold by the unit and also carry out client verifications. The application of 2 aboard units, one Authorized Agent and another unit, where verification was done through video conference unit was not recommended. Due to bad network connection at unit's level the verification of 3 units to be

done via video conference could not be done. Hence unit's enlistment was deferred to the next ITC meeting

Agenda Point No. 3: Regarding the application of M/s. Zhejian Juita Sewing Machine Co. Ltd., China for enlistment as machinery manufacturer under ATUFS.

The application of M/s. Zhejian Juita Sewing Machine Co. Ltd., China for enlisting under ATUFS as manufacturer was kept pending as the business license submitted by the unit was found to be in the name of Zhejian Chuantian Sewing Machine Co., Ltd and not M/s. Zhejian Juita Sewing Machine Co. Ltd., China. Further the ISO submitted by the unit when verified online was found to be in the name of M/s. Zhejian Kawada Sewing Machine Co., Ltd. In view of the discrepancies found, Textile Machinery Section of the O/o the Textile Commissioner vide email dt. 16/10/2020 had asked the unit to clarify the above discrepancies.

In reply the unit has stated that said difference in the name of the applicant unit in the Business License and ISO, might be because of the translation got done at our end. As such, the applicant unit has submitted translated copies of the Business License and the ISO where in both the documents the name of the unit is found to be as M/s. Zhejian Juita Sewing Machine Co. Ltd., China. The translation was got done by the unit from M/s. Lingua Mart, Delhi.

After appointment of translator for translating Chinese documents to English, this office had forwarded the Business License and ISO submitted by M/s. Zhejian Juita Sewing Machine Co. Ltd., China to the appointed Translator of this office, who has translated the said documents. In the translated version of both the documents submitted by the appointed translator, the name of M/s. Zhejian Chuantian Sewing Machine Co., Ltd is found.

Decision Taken: The Committee noted that this office had earlier informed the unit that on translating the business license into English the name of applicant unit is appearing as M/s. Zhejian Chuantian Sewing Machine Co., Ltd, China and not M/s. Zhejian Juita Sewing Machine Co. Ltd., China. They were also informed that during online verification of the ISO certificate submitted by them the name of M/s. Zhejian Kawada Sewing Machine Co., Ltd, China is found on it. The unit in reply has stated that the discrepancies in the name are due to the English translation done by this office. They did not establish any co-relation between the three different

names i.e. M/s. Zhejian Juita Sewing Machine Co. Ltd., China, M/s. Zhejian Chuantian Sewing Machine Co. Ltd., China and M/s. Zhejian Kawada Sewing Machine Co., Ltd, China. The committee also noted that even after getting the Business Licence and ISO Certificate translated by a professional translator, they were found in the name of M/s. Zhejian Chuantian Sewing Machine Co., Ltd, China and not M/s. Zhejian Juita Sewing Machine Co. Ltd., China, who has submitted application for enlistment.

Accordingly, as both the Business Licence and ISO certificate submitted by the unit were found to be having a different name, the Committee did not recommend, the application of the unit for enlistment as machinery manufacturer under the ATUFS.

Agenda Point No. 4: Regarding reconsideration of applications received from Textile Machinery Manufacturers/Authorized Agents for enlistment under ATUFS which were rejected due to non receipt of document within 3 months from the date of receipt of this communication as per the decision taken in the 4th IMSC meeting.

The application of M/s. Shree Laxmi Precision Engineers for enlistment under ATUFS as a Textile Machinery Manufacturers was rejected by this office due to non submission of required documents within 3 months from the date of receipt of this communication as per the decision taken in the 4th IMSC meeting. The same was communicated to the unit vide this office email dt. 2/6/2021. However, on 24/06/2021 the unit has submitted the required valid ISO certificate.

In view of the above, the case is submitted for decision of ITC as to whether such cases should be considered as a Fresh application in view of this office having communicated the rejection email dt. 2/6/2021, or should the section re--open the earlier file.

Decision Taken: The committee opined that there is no need to open a separate file. In the same file, fresh application submitted by the unit should be submitted with proper examination before the ITC for decision.

Agenda Point No. 5 : Agenda Point received from Regional Office of Textile Commissioner, Navi Mumbai.

R.O. Navi Mumbai vide letter dt. 2/6/2021 has informed this office that while scrutinizing the claim of M/s. G.S. Syntex Pvt. Ltd., it was observed that the TFO and Chenille Machine Manufacturers name i.e. M/s. Gualcheieri E Gualchierie & C.S.R.L. is not mentioned in the machine name plate. However, the Logo of the Machinery Manufacturer is appearing on the machine name plate.

On raising a query the machinery manufacturer has informed that their branding exercise, marketing practices and sales depend on their authentic logo and not a manufacturer name. Hence, they are mentioning only logo on machine name plate. They have also informed that since 2018 their company logo has been changed and submitted a presentation of the new and old logo.

Decision Taken: The committee after examination felt that as the name of the manufacturer is not appearing on the machine plate and only the logo of manufacture is found, the unit may be asked to submit a note detailing their branding exercise, marketing practices and share their authentic logo patented under the law of the respective country etc., as decided in the 15th TAMC meeting, to enable the committee to take further decision in the matter.

Agenda Point No. 6: Agenda Point forwarded by ATUFS Cell vide email dt. 16/7/2021.

1. The R.O.Tx.C, Ahmadabad have vide letter 8/3/2021 forwarded the case of M/s. Amit Fabrics whose UID had been cancelled by this office based on the JIT report stating as under:-
 - a) The machine serial number on invoice found written with PEN without any endorsement – seal / signature of machine manufacturer
 - b) The machine serial number on invoice written by pen 87 and 131 but on machine name plate found 1089 and 1039
 - c) Machines does not have found cradle and drop wire system as required for TFOT under AUFS guidelines.

Aggrieved by this, the unit has submitted their representation vide letter dt. 7/12/2018 & 21/2/2020 also registered a grievance in the PMOPG on 29/5/2019. In reply ATUFS Cell had vide letter dt. 4/11/2020 directed the Regional Office, Ahmadabad to examine the matter at R.O. Level and decision for re-inspection may be taken, if required, based on the merit of evidence produced by the unit.

Accordingly a team of officers of R.O. Ahmadabad have carried out the physical inspection of the machinery installed in the unit on 11/2/2021 and as per the teams' observation, the technical specifications of the machines are in accordance with the TUF Scheme and since the case was rejected by the competent authority, due to overwriting by hand in the original invoice, the R.O. Ahmadabad have requested that this case may be placed before the ITC bearing in mind the following facts.

- I. The relaxation related to mentioning of machine serial number in the Commercial Invoice given vide Order dated 01.11.2019, which is applicable from date of notification of ATUFS guidelines i.e. 29.02.2016. In this case, the serial number stated to be mentioned by way of hand written entry is the subsidy serial number allotted to the manufacturing unit while benchmarking them under TUF. Clarification in this regard from the machine manufacturer is available on record. Thus, in view of the relaxation, whether the stipulation regarding mentioning of serial number in invoice is mandatory for the machines purchased on 15.08.2017/07.10.2017 i.e. after 29.02.2016 and prior to the IMSC decision related to mentioning of machine serial number in invoice during its 3rd meeting held on 27.02.2019.
- II. As far as the speed/RPM, the observation of the team to the effect that "generally speed of machine (spindle) is related to TPM, yarn production/delivery speed and running quality demand. On the day of visit machine found working at 5500 RPM and 6400 RPM (suitable to running quality). However, as per technical literature the machine (spindle) is capable to run up to 11000 RPM and as per annexure MC-01-B-5, TFO operating at speed 8000 RPM is eligible under ATUFS" is pertinent

Decision Taken: After due deliberation the Committee decided that the merit of the case may be decided as per machinery specifications mentioned in the eligible list of machinery in

Government Resolution on ATUFS, and observation reported by JIT for the machines after physical inspection of the units claim. The committee also opined that such matters need not be forwarded to ITC by ATUFS / Regional Offices where there is clarity on the machine specification and / or policy decision (Other than technical matter) are required to be taken.

2. The ATUFS Cell have vide email dt. 20/7/2021 requested to place this matter in forthcoming ITC where a manufacturer has two authorized agents (both enlisted) however machine supplied by one and shipped by another. The detail areas as below:-

1-Invoice issued by -M/s Zee Yeng Company Ltd.

2-MoU b/w Manufacturer and supplier - M/s Zee Yeng Company Ltd is authorized agent of M/s Jiangsu Runshan Precision Machinery and Technology Co. Ltd China.

3- Exporter name as per COO- M/s Suzhou Flamimng Company Ltd. China authorized agents of M/s Jiangsu Runshan Precision Machinery and Technology Co. Ltd China

4- Name mentioned on machine- M/s Runshan Knitting Machine

As per 3.2. of GR dated 29.02.2016 "Machinery purchased directly from the machine manufacturers or their authorized agents will be considered for benefits under the scheme", and Para 3.3 of RR dated 02.08.2018 "Machinery purchased directly from the machine manufacturers or their authorized agents/suppliers will be eligible for capital subsidy under the scheme" while para 10.2.2. of RR dated 02.08.2018 "Only new machinery shall be installed Second had machinery will not be permitted under the scheme. Machine shall be purchased directly from the Original Equipment Manufacturer (OEM) or this authorized agent / Supplier. In the latter case, a document showing that the Agent / Supplier is authorized by the manufacturer shall be required with the invoice". However the as per the document it is not justified that machine has been purchased as per para mentioned above in GR and RR.

Hence, the matter is placed for decision of acceptability of COO if different name is depicted other than supplier in issued invoice.

Decision Taken: The Committee noted that this is not a technical issue. The Committee also noted that any name depicted in country of origin certificate, other than the manufacturer or authorized agent (who raised the invoice) should not be accepted. Still if the OEM confirm and submit reasonable justification for such arrangement, then ATUFS may decide issue based on genuineness of the certificate obtained buy ATUFS Cell from OEM

3. The ATUFS Cell has vide Note dt. 28/6/2021 forwarded copies of invoices issued by M/s. Qindao Wanchun Machinery Co. Ltd., China (Water Jet Looms) and M/s. Prashant Gamatex Pvt. Ltd., Ahmedabad (High Speed Sectional Warping Machine) and requested ITC to take a suitable decision for the over invoicing done by the two machine manufacturers.

Decision Taken: The Committee after going through the invoices issued by both M/s. Qindao Wanchun Machinery Co. Ltd., China and M/s. Prashant Gamatex Pvt. Ltd., Ahmedabad found that no over invoicing has been made by either the Water Jet Loom manufacturer or the sectional warping machine manufacturer.

Agenda Point No. 7: R.O. Ahmedabad have vide letter dt. 18/12/2020 informed that during scrutiny of a case it was observed that there is a difference in the name of machinery manufacturer in invoice and machine serial number plate i.e. M/s. Qindao Tianyi Red Flag Textile Machinery Group Co. Ltd, China in the Invoice and M/s. Qindao Tianyi Group Red Flag Textile Machinery Co. Ltd, China. in the machine serial number plate. The said machinery manufacturer is enlisted in Annexure-III as M/s. Qindao Tianyi Group Red Flag Textile Machinery Co. Ltd, China. The manufacture has now informed that M/s. Qindao Tianyi Group Red Flag Textile Machinery Co. Ltd, China. is their original company name and now the company name is M/s. Qindao Tianyi Red Flag Textile Machinery Group Co. Ltd, China.

The said matter was placed in the 20th ITC meeting and the decision taken is reproduced below :

Decision Taken in 20th ITC: In respect of M/s. Qindao Tianyi Group Red Flag Textile Machinery Co. Ltd, China, the committee decided to defer and place the matter after proper translation of the submitted documents.

10
The document has now been translated by the Professional Translator and the same is placed before the committee for a decision in the matter.

Decision Taken: The Committee after scrutinizing the translated documents accepted the name change in respect of M/s. Qindao Tianyi Group Red Flag Textile Machinery Co. Ltd, China to M/s. Qindao Tianyi Red Flag Textile Machinery Group Co. Ltd, China.

List of Machine Manufacturers placed before 22nd Internal Technical Committee

Sl. No.	File no.	Name of the unit	Indigenous	BUSINESS LICENCE			Undertaking	Valid I.S.O	Sales figure	Eligible Textile Machine covered under which annexure of ATUFS	ISO Verification	Remark	Technical Committee Decision
