F.No.12(1)/ATUFS/Policy/2019/TUFS/62

Date : 09.08.2019

Office Memorandum

In order to implement the Revised Resolution (RR) on Amended Technology Upgradation Funds Scheme (ATUFS) dated 2nd August, 2018, the UID generation process as per provisions of Section 10.1 of the Resolution has been operationalised in i-TUFS software (<http://www.itufstxcindia.gov.in>). With effect from the date of issue of this O.M, all applications under ATUFS which have been verified and submitted by the lending agencies will be issued UID on auto generation mode in i-TUFS.

2. Consequently, all applications which are pending examination at Office of the Textile Commissioner will be returned to the concerned lending agencies for fresh scrutiny as per RR dated 2nd August 2018 and resubmission thereon. It may be noted that since UID is a provisional approval for estimated subsidy, it is the responsibility of the lending agencies to exercise utmost care and diligence while verifying the application before submitting the same. Moreover, it is imperative that important parameters reported by the units like term loan sanction date, amount of loan disbursed, tenure of loan, machine specification as per Detailed Project Report etc are cross verified against documents available with the lending agency to ensure there are no discrepancies or factual inaccuracies in the claim.

3. Accordingly, all lending agencies are hereby requested to undertake due diligence in verifying applications for UID under ATUFS and ensure adherence to timelines mentioned in the Revised Resolution for processing the same.

(Usha Pralhad Pol)
Deputy Director General
