

**Minutes of the 41st meeting of the Internal Technical Committee under Amended
Technology Up gradation Fund Scheme (ATUFS) held on 27.04.2022.**

The 41st meeting of the Internal Technical Committee (ITC) under Amended Technology Up-gradation Fund Scheme (ATUFS) was convened on 27.04.2022 from 11.30 A.M onwards, under the Chairmanship of Shri S. P. Verma, Additional Textile Commissioner in the conference hall of the Office of the Textile Commissioner, Mumbai. The list of participants is attached as Annexure-I. The agenda points, which were discussed and decisions taken thereof are as under:-

Agenda No. 1: Verification and recommendation of proposals for enlistment of Machinery Manufacturers under ATUFS as per Para no. of 3.4 of Revised Resolution of ATUFS dated 02.08.2018 and subsequent order No. 6/5/2015-TUFS dated 06.08.2019.

The list of 12 proposals (Abroad - 1, Indigenous – 7 {3-Video Conference}, Authorized Agent - 4) received from Textile Machine Manufacturers/Authorized Agents for enlistment under ATUFS, were scrutinized by the Internal Technical Committee. Out of the said 12 proposals, 9 proposals (Abroad-1, Indigenous-4 and Authorized Agents-4) were recommended to the Textile Commissioner for her approval to upload the same on website of the Textile Commissioners Office (Attached herewith as Annexure-II). In respect of two Indigenous Manufacturers (V.C cases), they were deferred due to network problems at their end and in the case one Indigenous Manufacturer (V.C. Case), it was decided to carry out a physical inspection by the concerned Regional Office, to verify machinery manufacturing facilities and ascertain whether the unit is a original machinery manufacturer or assembler.

Agenda Point No-02:Case of Label weaving machine supplied by MEI International S.R.L, Italy: -

M/s MEI International SRL has requested to amend certain conditions laid down for enlistment (MEI Label Weaving Machines as a machine type) in A-TUFS.

Decision taken in 18th TAMC: The matter was placed and decided in 18th meeting of TAMC to consider the MEI Label Weaving Machines as a main machine, since it is used for manufacturing of labels for fixing on the garments / Made ups subject to the following conditions:

- i. The unit should submit the original invoice of shuttle less loom manufacturer addressed to M/s. MEI International along with the shipping documents. (Packing List /Bill of Lading /Bill of Entry / Country of Origin)
- ii. The date of invoice of the Shuttle less Loom should not be more than 6 month older than the invoice of M/s. MEI International.
- iii. The machine should fulfill the speed criteria of concerned shuttle less loom as per ATUFS guidelines.
- iv. Eligibility of machine shall be allowed hence forth (prospectively).
- v. Only 20% value addition on base price of loom with Dobby / Jacquard will be considered for eligible subsidy

Decision taken in 19th TAMC meeting -The Committee opined that this issue needs more deliberations to understand the practical difficulties in considering the request of the machine manufacturer and since this machine is required to support garment /made-ups manufactures and home textiles manufacturers to fulfill their demands of labels as it has unique value addition by modification of a shuttle less loom with jacquard to manufacture woven labels. Therefore, Textile Commissioner may decide the issue after due consultations with the machine manufacture and Chairman, AEPC etc. for consideration of eligible subsidy subject to conditions met from (i) to (v) as below:-

- i. The unit should submit the original invoice of shuttleless loom manufacturer addressed to M/s. MEI International along with the shipping documents. (packing List /Bill of Lading /Bill of Entry / Country of Origin)
- ii. The date of invoice of the Shuttle less Loom should not be more than 6 month older than the invoice of M/s. MEI International.
- iii. The machine should fulfill the speed criteria of concerned shuttle less loom as per ATUFS guidelines.
- iv. Eligibility of machine shall be allowed hence forth (prospectively).
- v. Only 20% value addition on base price of loom with Dobby / Jacquard will be considered for eligible subsidy.

Now the Company has again represented that they are willing to provide the following documents in lieu of original invoice of their shuttle less looms.

1. Declaration from MEI International disclosing the serial no. of loom and Date of Manufacturing inscribed in the loom and also in a separate note of declaration.
2. Documents addressed to MEI International by the Shuttle less loom manufacturers
 - a. Declaration for serial no. and Date of loom delivered.
 - b. Packing list / delivery note/ bill of lading/bill of entry /country of origin as it may be applicable

They have also informed that all other terms and conditions will gracefully be adhered to by them and they will be very grateful if the clause regarding invoice requirement is waived off.

Decision Taken in 18th ITC meeting: As a trade practice if M/s. MEI International is the looms purchased in bulk quantity, they cannot disclose their price. However, as decided earlier by the ITC we have to consider 20% additional cost on the basic price of the looms with jacquard. Hence, cost of loom with jacquard will be required to work out 20% additional cost in the form of value addition by MEI International. M/s. MEI International has now proposed to submit the bill of lading/bill of entry addressed to them by the loom manufacturer and the bill of entry is having the details regarding number of machines and value of the machines imported, hence, the cost may be worked out easily even though they are not providing invoice of the loom manufacturer to them.

In view of the above, the committee agreed to consider their proposal, however as decided by the 19th TAMC the Textile Commissioner may take final view on this matter.

The matter was taken up in 21st TAMC held on 02.03.2021 and decision is reproduced:

Decision taken in 21st TAMC Meeting: The TAMC decided that it is an unique and an essential machine for preparing woven labels which are required by apparel industry and there is only one manufacturer available, hence, we need to look at specific arrangements to enable access to their technology and also for the arrangement of doing value addition by MEI International on the shuttleless looms with jacquard. To facilitate said unique technology as required by industry, we have to accept the invoice of MEI International for said machine though machine indicates machines plates of MEI International as well as shuttleless manufacturer. The value addition will be restricted to 20% of the basic cost of shuttleless loom with jacquard as recommended by ITC. Such arrangement in this case is recommended by TAMC for consideration by MOT/IMSC since machine used for manufacturing of woven labels which are categories as technical textiles (Cloth-Tech).

The matter was taken up in 5th IMSC meeting held on 22.10.2021 and decision is reproduced:

Decision of 5th IMSC: IMSC decided to allow proprietary of Label weaving machine.

Now, MEI INTERNATIONAL SRL vide email dated 10.02.2022 have submitted the supplier declaration format for their customers in India.

Further, MEI has requested to consider the following documents as per direction of TAMC regarding components purchased from sub suppliers:

The Transport inside European community and several other participating countries is ruled by the Convention on the Contract for the International Carriage Goods by Road (CMR) (http://www.unece.org/trans/conventn/legalinst_25_OLIRT_CMRT.htm) from the UNECE United Nations Economic Commission for Europe.

- The CMR is the document to identify the goods and movement in place of bill of entry or bill of lading. In conformity with this Regulations MEI INTERNATIONAL SRL receives all goods from their European suppliers with “CMR” and can supply this as evidence to identify the goods and date of delivery.

- For supplies outside the European community, like the TOYOTA AIRJET LOOM, MEI INTERNATIONAL SRL will provide the related BOL.

Moreover, MEI has declared that independent from the loom producer, the basic loom configuration by suppliers are specific versions for Woven Label Machines which are not able to weave without the application of MEI INTERNATIONAL SRL.

Decision taken in 37th ITC: The committee recommended adhering to the decision taken in previous ITC/ TAMC/IMSC meeting and unit should submit the requisite documents as per their earlier submission made vide letter dt.7/12/2020. In the event they are unable to submit the details due to any Non disclosure Agreement with the manufacturers, they may be requested to submit a copy of the same in order to consider their request.

Section note: As per the decision of 37th ITC held on 24.02.2022, TMMA submitted a copy confidential costing document which indicates basic cost of the rapier loom specially preset for label application. However, cost of jacquard and Dobby is yet not available.

The cost of the rapier loom as per their prerequisite specifications is 51,800 Euro/loom.

Decision Taken: The committee decided to get the price details of Airjet and Rapier Looms of Dornier make also and Airjet Loom of ITEMA make to derive the eligible subsidy amount after considering 20% value addition cost supplied by MEI. Accordingly, the committee requested the representative of TMMA to submit the said details also. Further it was also decided to call for the details of the average cost of electronic jacquard and doobby from ATUFS Section.

Agenda Point No 3: Consideration of Subsidiary Sales Unit MOU: M/s Juki Singapore Pte Ltd

- 1 M/s Juki India Pvt Ltd had submitted the documents for enlistment / restoration of the following units under ATUFS: -
 - a) M/s Juki Corporation, Japan (Parent Manufacturing Unit)
 - b) M/s Juki Matsue Corporation, Japan (Manufacturing Unit) as a subsidiary of (a)
 - c) M/s Juki (Vietnam) Co. Ltd, Vietnam (Manufacturing Unit) as a subsidiary of (a)
 - d) M/s Juki (Shanghai) Industrial Co. Ltd, China(Manufacturing Unit) as a subsidiary of (a)
 - e) M/s Juki (Langfang) Industrial Co. Ltd, China (Manufacturing Unit) as a subsidiary of (a)
 - f) M/s Juki Singapore Pte Ltd, Singapore (Sales Unit) as a subsidiary of (a)
 - g) M/s Juki India Pvt. Ltd., Bengaluru (Sales Unit) as a subsidiary of (a)

Juki group of companies are enlisted in Annexure-I & Annexure-II under ATUFS as a machinery manufacturer which are not valid at present. In regards to enlistment of subsidiary units, they have submitted the Corporate Report-2020 of M/s Juki Corporation, Japan showing all its subsidiaries.

Being the subsidiary of Juki Group, M/s Juki Singapore Pte Ltd, Singapore & M/s Juki India Pvt Ltd, Bangalore are the main sales office, doing the business of sales & marketing of the products made from the manufacturing units of Juki situated in Japan, China and Vietnam.

In this context, as per discussion & direction of the 27th ITC meeting, the following are the Authorized Agents had been enlisted along with M/s Juki Singapore Pte Ltd, Singapore and M/s Juki India Pvt Ltd, Bangalore.

<i>Sr.No</i>	<i>Sr.No. and Annexure</i>	<i>Manufacturer</i>	<i>Agent</i>
1	Sr.No.144 Annexure-III	M/S JUKI SINGAPORE PTE LTD, SINGAPORE	M/S IIGM PVT LTD, BANGALORE
2	Sr.No.156 Annexure-III	M/S JUKI SINGAPORE PTE LTD, SINGAPORE	M/S ANAADIH VINCOM PVT LTD, KOLKATA
3	Sr.No.172 Annexure-III	M/S JUKI INDIA PVT LTD	M/S BALAJI SEWING MACHINE PVT LTD, JOGESWARI, MUMBAI
4	Sr.No.21 Annexure-V	M/S JUKI INDIA PVT. LTD., BANGALORE	M/S ANAADIH VINCOM PVT. LTD., KOLKATA
5	Sr.No.50 Annexure-V	M/S JUKI SINGAPORE PTE LTD., SINGAPORE	M/S VIBGYOR TRADING CO., TIRUPUR

Submission:

Since M/s Juki Singapore Pte Ltd, Singapore and M/s Juki India Pvt Ltd, Bangalore as they are not a machinery manufacturers but sales office in which they cannot sales through the sub-agents, the above Authorized Agents Names may be delisted from the indicative list under ATUFS and may enlist/restore the parent manufacturing unit i.e. Juki Corporation, Japan and its subsidiary units.

Decision Taken in 28th ITC: -

After due deliberation in the matter, the committee opinioned that M/s Juki Corporation, Japan and its subsidiaries as mentioned the above may be enlisted under ATUFS and the name of the units those who are enlisted as authorized agents with M/s. Juki Singapore Pte. Ltd, Singapore and M/s Juki India Pvt. Ltd, Bangalore may be delisted from the indicative list of machinery manufacturer under ATUFS as M/s. Juki Singapore Pte. Ltd, Singapore and M/s Juki India Pvt. Ltd, Bangalore are being the sales office of M/s Juki Corporation, Japan and its subsidiary.

Decision of 25th TAMC: The Committee ratified decision of ITC with applicability inprospective cases. TAMC advised ITC to consider enlistment of authorized agents on receipt of the request from the manufacturer alongwith original copy of MOU signed by both the parties as per the extant guidelines.

Section note: Now M/s Juki Corporation, Japan vide email and letter dated 12.04.2022 declaring that MOU between M/s. Juki Singapore Pte. Ltd, Singapore & M/s Juki India Pvt. Ltd Bangalore and M/s. IIGM Pvt. Ltd should be considered as legal and valid and it is equivalent as MOU between JUKI Corporation and IIGM.

Decision Taken: The committee based on the submission of M/s. Juki Corporation, Japan (Parent Manufacturer) that their wholly owned Subsidiary Units i.e. M/s. Juki Singapore Pte ltd, Singapore and M/s. Juki India Pvt. Ltd., Bangalore are competent authorities to appoint Agents and Dealers in respective countries including India, decided to consider the MOUs as valid as per the decision taken in the 25th TAMC meeting dt. 22/02/2022. Accordingly committee proposed to re-enlist the agents of M/s. Juki Singapore Pte ltd, Singapore and M/s. Juki India Pvt. Ltd who were delisted based on the decision taken in the 28th ITC meeting dt. 12/10/2021

Agenda Point No-04: Enlistment of Subsidiary units of M/s Tuftco Corporation, USA

M/s Tuftco Corporation forwarded request for enlistment of its wholly owned subsidiary i.e. M/s Tuftco Finishing Systems. M/s Tuftco International, USA, which is subsidiary of Tuftco Corporation, enlisted at Sr. No-01 Annexure-V.

This office vide e-mail dated- 06.04.2022 asked legal document as Balance sheet/ Annual report to establish subsidiary relation among the mentioned companies. In lieu of above unit has forwarded Annual balance sheet and Apostille certification on declaration.

As such the subsidiary enlistment as proposed:

Existing	Proposed
Tuftco International, USA	Parent Group Company: Tuftco Corporation, USA Subsidiary Company: Tuftco International, USA Subsidiary company: Tuftco Finishing Systems, USA

Decision Taken: The Committee reviewed the documents submitted by M/s. Tuftco International, USA and proposed to enlist the subsidiary units of M/s. Tuftco International, USA subject to submission of clarification regarding name on the machine name plate and invoicing details.

Agenda Point No-05: Manufacturing Unit address addition for M/s Polygraph Printing Technologies Ltd

M/s Polygraph Printing Technologies Ltd, Andheri has applied for factory address addition in ATUFS Portal. M/s Polygraph Printing Technologies Ltd is enlisted at Sr No- 77 Annexure-III with its sales office address i.e. Andheri, Mumbai. The manufacturing unit is situated at Vasai, Palghar. In this support, unit has submitted Udyam Adhar Certificate and GST registration copies. The Sales office and Manufacturing unit address are available in both above documents. Both the address pertains to same state i.e. Maharashtra.

Existing	Proposed
M/s Polygraph Printing Technologies Ltd, Andheri, Mumbai	M/s Polygraph Printing Technologies Ltd Manufacturing Unit: Plot No: 49, Hissa No: 3A, Building No: 2, Devdal, Shiv Shankar Road, Sagpada, Kaman, Vasai - East Palghar - 401 208 Sales Office: 88, Mistry Industrial Complex, MIDC, Cross Road, Andheri East, Mumbai- 400093

Decision Taken: The Committee reviewed the documents submitted by M/s Polygraph Printing Technologies Ltd, Andheri and decided to add the manufacturing unit address of M/s. Polygraph Printing Technologies Ltd, Andheri, Mumbai in the list of indicative machinery manufacturers under ATUFS.

Agenda Point No- 06: Decision on recommendation for Speed range for Cable Corder Machine for Carpet.

TMMA vide e-mail dated 21.04.2022 forwarded industry representation in regard to speed limitation of Cable Corder machine for carpet upto 8000 RPM.

M/s. Meera Industries Ltd., Gujarat has vide letter dt. 9/12/2021 requested to modify the description of the machine allowed under MC-3 B (3) for 'Technical Textiles' as 'Cable Corder for various industrial use and Model: Carpet Cabler / Carpet Twister direct cabling machine for carpet yarn'. Accordingly, they have submitted the Technical Literature and Brochure of Machine.

Decision Taken in 33rd ITC: The Committee noted that under MC-3 B (3) Cable Corder is made eligible for preparation of yarn to be used for Tyre cord fabric or parachute whereas M/s Meera Industries Ltd, Gujarat has requested for allowing carpet cabler / carpet twister which is more or less like a TFO machine. The TFO machines are already made eligible under MC-01 B 5 in same category wherein their machine will also fall. We may add the description of the machine at under MC-01 B 5 as cable corder for carpets having minimum speed of 8000 rpm.

Decision taken in 25th TAMC: The committee has decided to revisit the decision of 33d ITC as the technology is already recommended by 3rd ITC (Agenda No. 03) and subsequently added based on 15th TAMC Decision (Additional Agenda No. 10).

Decision taken in 38th ITC: The committee reviewed the case and clarified that decision taken in 3rd ITC and 33rd ITC are altogether different. Hence, again recommended to TAMC as was recommended by the 33rd ITC.

28th TAMC discussion: The agenda has been discussed in 28th TAMC and TAMC directed to draw recommendation for speed range of cable corder machine for carpeting in ITC meeting

Decision Taken: After detailed deliberation in the matter, the committee decided to modify the decision taken in the 33rd ITC dt. 23.12.2021 meeting as under:

<i>Existing</i>	<i>Proposed</i>
<p><i>Two-for-one Twister operating at the speed of minimum 8000 rpm with cradle, drop wires and overfeed system.</i></p> <p><i>Three-for-one Twister operating at the speed of minimum 5000 rpm with cradle, drop wires and overfeed system.</i></p>	<p><i>Two-for-one Twister operating at the speed of minimum 8000 rpm with cradle, drop wires and overfeed system.</i></p> <p><i>Three-for-one Twister operating at the speed of minimum 5000 rpm with cradle, drop wires and overfeed system.</i></p> <p><u>Cable corder for carpets with Pot size dia 190 mm to 250 mm with minimum spindle speed 5000 rpm and above</u></p> <p><u>or with Pot size dia 251 mm and above, with minimum spindle speed of 3500 rpm and above</u></p>

Agenda point No-07 : Cases forwarded by RO Coimbatore

The name of the machine claimed by the unit under MC-04-113 is mentioned as 'PLC controlled fully automatic flatbed screen printing machine with pneumatic blanket control' in the Invoice raised by the manufacturer's M/s. KTK Maquinas Equipment of Industrials, LDA, Portugal. & M/s. S Roque Mauinas E Tecnologia Laser S.A., Portugal. However, the JIT has certified the machine as Comp. Multi Head Printing Machine for Garment and Garment Panel under **MC-04-113**. The manufacturer has also confirmed that the machine is Computerized Multi Head Screen Printing Machine having 12 Heads used for printing Garments and Garment Panels.

The case was placed in 33rd ITC dated 23.12.2021 and decision is as follows:

Decision Taken in 33rd ITC: The committee was of the opinion that the JIT should confirm whether the Comp. Multi Head Printing Machine is PLC based or of a higher technology.

RO Coimbatore Office have 14 cases in the above said category and pending for disposal In the Commercial invoice machine name has been mentioned as PLC controlled fully automatic flatbed screen printing machine with

pneumatic blanket control But, actual machine installed and JIT also confirms that the installed machine is "Computerized Multi Head Printing Machine for Garment and Garment Panel"

RO Coimbatore requested to confirm whether cases pertaining to subject can be disposed as per 33rd ITC decision or requires ratification from TAMC for processing of cases.

Section Note: The decision was placed in draft agenda for 27th TAMC held on dated 21.04.2022 (Agenda No-6, sub agenda-02) however was not discussed during the meeting.

Decision Taken: The committee noted that the matter involves incorrect description of machinery in the invoice raised by the manufacturer. As the JIT has already confirmed that the actual machinery is "Computerized Multi Head Printing Machine for Garment and Garment Panel", whereas, in the Commercial invoice machine name of the machine has been mentioned as 'PLC controlled fully automatic flatbed screen printing machine with pneumatic blanket control'. As both machines are already eligible under different segments of the GR, the committee decided that ATUFS Section should take a decision in the matter, based on the certification of the concerned OIC of Regional office as to the eligibility of the machinery under the proper segment, as per ATUFS GR.
