The explanation of the unit is not acceptable to the R.O. Ahmadabad and they have requested to take up this matter with ITC

**Decision Taken in 32<sup>nd</sup> ITC:** For the same machine model number price variation of more than 50% is noticed, which is not justifiable merely based on installation or use of some special arrangements

parts, as declared by the machine manufacturer. As such the committee decided to call for the per unit rate of the 3 special attachments / arrangements made on the machines, so that the difference in the cost of machines of similar models of same manufacture can be ascertained by the committee.

Decision taken in 33<sup>rd</sup> ITC Meeting: The committee arranged for a webex meeting with Shri Darshan Bachkaniwala, Managing Director M/s Himson Engineering Pvt Ltd, Daman who has informed that in addition to the attachment cost, they have incurred cost for the R&D work done for installing the following three special attachments namely Herberlin Make Ceramic D-11 series with Brass jet Housing, Imported Air Slub (O-jet) Attachment with FESTO Make Germany solenoid valve 3 and individual valve for water applicator made on the Air Texturising machine, so as to bring the technology of their Air Texturising machine at par with those being imported from Japan. As such the Committee has requested him to submit the cost break-up of the attachments including the R&D cost. He was also requested to inform the cost of similar machines being manufactured by other foreign companies.

In lieu of above M/s Himson Engineering Pvt Ltd has submitted the details vide Email dated 30.12.2021,

The manufacturer replied same information in regard to 36<sup>th</sup> ITC decision vide email dated 07.06.2022 in reply to this office query email dated 21.02.2022 ( reminder on 04.03.2022,25.05.2022 and 31.05.2022. Further this office requested invoice copies of the machine supplied to **M/s Shree Dadaji Textiles and other units as per 36<sup>th</sup> ITC decision** vide email dated 14.06.2022. No reply received from the manufacturer.

**Decision Taken:** After detailed deliberation on the matter, the committee opined that since there is no provision of customization/ additional features embedded within same machine model. Hence, the committee suggested that ATUFS cell may process the case at the base price of the machine, which is supplied to other units by the machine manufacturer with similar specification without customization.
