The machine manufacturer M/s. Charlie Machines has submitted clarification letter that they failed to notice spelling error (manufacturer name) in the machine name plates of particular batch which is outsourced from third party supplier along with supplier declaration.

Comments of OIC(RO-Navi Mumbai):

Based on the submission of machine manufacturer and subsequent confirmation from the name plate supplier, it appears that the mistake in spelling of enlisted machine manufacturer name is inadvertent which can be considered. Moreover, there is a logo on the machine name plate and the invoice (copy enclosed) issued by the manufacturer which is also matching.

**Decision Taken:** The Committee examined the submitted documents and directed to call for manufacturer branding exercise, marketing practices and their trademark certificate in respect of their logo along with invoice copy. In addition to that, clarification may be called for the difference in logo between machine name plate and letterhead.
